

We are a father and son operation that love what we do. We grow seasonal fruits, microgreens, and honey. If you would like to come to visit our farm, you are more than welcome to make an appointment!

GROWN TO ORDER

At Yossi's Farm, all of our products are grown fresh to order for each of our clients. This means that chefs and restaurant owners have full control over how they like their products to be grown. We can modify our products to be undergrown or overgrown. Depending on the growth, the taste and look can be modified to your specifications as well.

However, this also means that our products can take as little as a few weeks to even a month to be grown. This shouldn't be an issue for weekly reoccurring orders, but it is something to be mindful of for first-time or one-off orders. If you are expecting consistent orders, we encourage you to notify us so that we may anticipate your needs and grow accordingly. This will allow us to prepare your next order while your current order is still growing, significantly reducing the lead time, to as often as 2 deliveries a week.

DELIVERIES

Deliveries are made every Monday and Friday. All deliveries must be signed off by an authorized employee.

Payment

We require a credit card authorization form to be signed and will only charge the card after a delivery is signed off by an authorized employee.
